

WHAT JESUS SAYS ... about CRISIS

Why Worry About That Which You Can Not Control

Matthew 6:34: Therefore, do not worry about tomorrow, for tomorrow will worry about itself. Each day has enough trouble of its own.

We live in a world that expects so much from us. Today's problems are overwhelming but when we factor in tomorrow's issues, we see life as a tremendous burden. It controls our every thought, and we look for ways to handle the stress. We take our problems out on those around us, and it only exacerbates the situation. Jesus challenges us to take a step back and put things into proper perspective. Why worry about life? We can't control every circumstance or predicament that comes our way. But when we focus on God and put our faith in Him and seek His guidance, we can accept whatever comes our way without worrying. Jesus is saying here, do you not know that God is already working to take care of your concerns? And even if He does not, He has a reason that is not for us to question. Consider the plight of Shadrach, Meshack and Abednego. It was their faith that gave them comfort in knowing God was in control, giving them confidence that He would save them, but if He did not, so be it.

Are you anxious, nervous, overly concerned? Why? Do you feel like you have no control over your future? Focus on Him today....He will take care of your tomorrow.
