## Discovery Questions

- How does knowing God owns every affect the way you manage you finances, your behaviors and your decisions?
- As God owns everything how does the ownership of what you honor god? How could you use your possessions to be more honoring of that Gos gave you?
- If you were to lose everything would you still be thankful for what God did provide for you and be joyful in Him despite the loss? How so?

## Putting It Into Practice

Each week Pastor Scott will challenge you to put into practice what you are learning. These challenges will help you take the concepts we are learning deeper into your life and help you with your own personal hope. This week Pastor Scott challenges us to:

1. Practice Thankfulness

This week make an intentional practice to be thankful for what you do have and not focus on that which you do not have.

2. Share Your Blessings

Share with someone this week some of the abundance God has already provided you. It may be something that fulfills an immediate need someone has to show them Gods provision.

3. Attend Church Gatherings (Live or Online)

Everything we do together over these next weeks is designed to help equip you in your personal day to day lives. Invite a friend or two to experience the Stories of Jesus. Let God show you who may need this message.

## Prayer Time

As a group spend some time in prayer together about this new study you are now starting and the grow expectations you may have. Pray that each member of the group will grow personally through this study.

TIP: Use index cards to submit a prayer request for you. Of course, it is always valuable to pray for others (and there are other opportunities to do so) but in the moment make it personal in this first week. Exchange cards by gender so you may be prayed for throughout the week.
